CURRENT NEWSLETTER

MOUNT NITTANY WINERY NEWS Spring 2003

Dear Friends,

As this is written, the sun is shining and temperatures are expected to be in the high 50's. After this past winter, we deserve some sun!

Some of you have asked how the winter has affected the vineyard. So far--and we are well into pruning--the vines look good. Although we had a larger-than-usual number of single digit days, there were no sub-zero temperatures. Also contributing to the condition of the vines was a long, post-harvest frost-free period that permitted the canes to "harden off." Thus we seem to have escaped significant shoot and bud damage. Now if we can just avoid a late frost!

We're pleased to welcome Eugene (Jinx) Proch as our new general manager. After 30 years with Corning, Jinx retired December 31, 2002 from a senior management position at the local TV glass plant. Both he and his wife, Natalie, grew up in the Pittsburgh area. They have two grown children, Alison and Jeff, and are immersed in learning the business. We are *delighted* to have them!

Also assisting Sandy in vineyard and winery operations is Derrick Miller, a native of nearby Belleville. After he completes work for his degree this summer, we hope he will join us full time.

We are looking forward to the new growing season and producing the next vintage of fine wines. We hope you will stop by the winery to try both our old and our new releases and visit with us at our lovely spot on the mountain.

Joe and Betty Caroll

"Spring Has Sprung" Winemaker's Dinner

The Spring Winemaker's Dinner on Sunday May 18, 2003 sold out in 7 days. Cost was \$55/person and included a wonderful dinner, catered by Harrisons, accompanied by a great selection of wines.

Stay tuned for the next one.

Recipe of the Month *Chocolate Cherry Dessert*

1 21oz can of cherry pie filling
 1 box chocolate cake mix
 1 stick of butter
 1. Pour pie filling in the bottom of crockpot
 2. Sprinkle dry cake mix over pie filling
 3. Cut up butter and lay on top of cake mix

Cook on Low for 3 hours.

Serve in dessert cups with a dollop of whipped cream or over ice cream.

relatively short period of time. A constant temperature between 60 and 65 degrees F. is preferable. Wine should not be exposed to sunlight. Excess humidity may cause mold to grow on the cork. If only a very dry storage area is available, place the bottles on the sides to prevent the corks from drying out. This is particularly important for red wines that are to be stored for extended periods. Most white and sweet wines are ready to consume when purchased.

Simple Country Pleas

Reminisce of the days gone by at the Keller House, where simple country pleasures abound. It is nestled in the lush farm country of Penns Valley and situated in the charming village of Centre Hall.

Your hosts, Ernie and Kathy Mowery, have lovingly restored this 1860's house which had been occupied by the late Charlotte Keller and her family for over 90 years.

Before You Buy a New Car

The number one rule and the hardest to master before you visit Fantastic Cobras is that YOU MUST keep emotion out of the negotiations when working with Fantastic Cobras or any Centre Hall, Pennsylvania (PA) dealer. Your strategy should send a message that you are an experienced car buyer that has all of your ducks in a row. You also must try to do as much of the negotiations away from the dealership as you can. Why? Because that's what an expert negotiator does. Learn more about getting a new car price quote.
